

## SUPRA HDMI-HDMI 1.4 HD

HDMI-cable High Speed HD, v1.4 with Ethernet

Wire gauge: 0.21mm<sup>2</sup> / AWG 24

Rev.date: 2023-05-09

Customs tariff no: 8544429010

Country of origin: Sweden

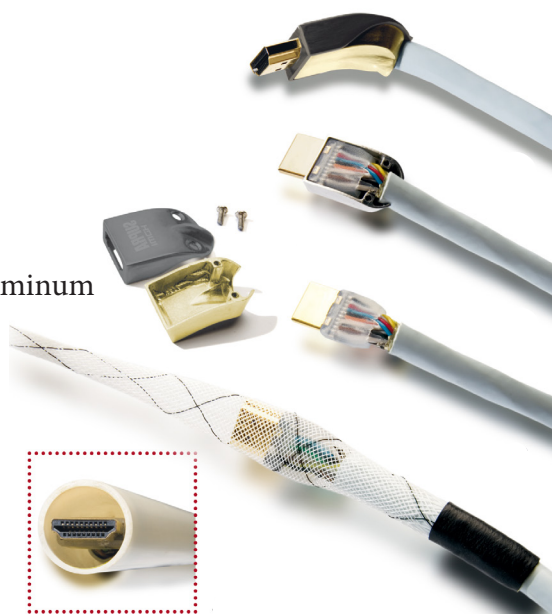

- Inter-changeable shell, perfect for installation in conduits pipes (min.20mm)
- Supports maximal HD resolution up to 30m
- Approved by HDMI's Accredited Testing Center
- The straight shell can be replaced with an 45-deg angled shell (accessory)

### SUPRA HDMI-HDMI HD - High Speed with Ethernet & Audio return channel.

HDMI-cables 16m to 30m are approved for HDMI v1.4 HD 1080p and is assembled with UHD4 cable. SUPRA HDMI UHD4 is probably the best long transfer HDMI cable on the market. It offers ultra high-speed HDMI with 100 Mbit/s ethernet, audio return channel and HD resolution. It is objectively tested at HDMI's Accredited Test Center in the USA.

The patented detachable connector housing allows a straight or a angled shell, as well as being able to install the cable with connector part through a conduit pipe for concealed installation when the connector housing is removed. The plug itself is carefully soldered by qualified personnel, as well as cast in a strong plastic to withstand handling without the contact housing being assembled. It is possible to run the cable in a 20 mm conduit pipe or alternatively a 25 mm conduit hose. The housing is made of metal and after assembly it provides 100% shielding properties.
