

SUPRA CLASSIC 2X6.0

Classic Loudspeaker cable

Gauge: 2x6.0mm² / AWG 9

Rev.date: 2022-08-30

Customs tariff no: 8544499390

Country of origin: Sweden

- Highly flexible - slim design
- Tin plated - Corrosion resistant
- The original SUPRA cable - Value for the money
- Made in Sweden

Classic 6.0 - the original

The Classic series encompasses flexible tin plated, multi-strand, oxygen-free 5N purity Copper! In addition to the corrosion resistance, the tin plating contributes also to a much wanted skin-effect reduction and prevents the electrons (i.e. the current) from disruptive "jumps" between the strand surfaces, hence adding unwanted timing errors to the music signal. The insulation of a select grade chemically stable PVC further improving the sonically benign tin surface over time. The Classic series is according to today's measures good entry level cables and are available in dimensions suitable for a wide range of power transmission demands. Compared to any low cost hifi-kits included speaker cables, Supra Classic will give a clearly audible improvement.

Typical applications: High powered, also long lengths or bass wiring in bi-wire or bi-amplified Hi-Fi system. Still surprisingly flexible.

CONSTRUCTION

Conductors (x2):	Tin plated OFC Cu-wire 756x0.10 mm
Diameter:	3.2 mm
Cross section area:	2x6.0mm ² / AWG 9
Insulation:	PVC GA78, eight-model
Insulation thickness::	1.2 mm
Diameter:	5.5x11.4 mm
Colour:	Iceblue (other colours upon order)
Printing:	SUPRA Classic 6.0 + Made in Sweden + Meter mark
Weight:	154 kg/km
Packing:	Bobbin 100m (other lengths upon order) Blister packs of 5 and 10m

ELECTRICAL SPECIFICATION

Resistance:	2.9 ohm/km
Inductance:	0.59 uH/m
Rated voltage:	80V
