- 24K gold plated Copper connectors

PLY 2x2.0 COMBICON

2 x 2,0 mm² with flat conductors.

Supra Ply is a multi test winner and with its design it stands out as unique in its kind. Connected with Supra CombiCon which enables the choice of either 24K gold plated BFA banana plug or spade. See further link below for more information

CombiCon is pressed under high pressure onto the conductor. Done correctly, it brings the material together into an airtight, homogeneous and electrically invisible joint, almost similar to fusion welding.
