

SUPRA CLASSIC MINI 2X1.6

Loudspeaker Cable

Gauge: 2x1.6mm² / AWG 15

Rev.date: 2026-03-04

Customs tariff no: 8544499390

Country of origin: Sweden

- Highly flexible
- Tin plated
- Slim design
- Made in Sweden

Classic Mini 1.6

The Classic series encompasses flexible tin plated, multi-strand, oxygen-free 5N purity Copper! In addition to the corrosion resistance, the tin plating contributes also to a much wanted skin-effect reduction and prevents the electrons (i.e. the current) from disruptive "jumps" between the strand surfaces, hence adding unwanted timing errors to the music signal. The insulation of a select grade chemically stable PVC further improving the sonically benign tin surface over time.

The Classic series is according to today's measures good entry level cables and are available in dimensions suitable for a wide range of power transmission demands. Compared to any low cost hifi-kits included speaker cables, Supra Classic will give a clearly audible improvement.

For outdoor use, installation in conduit pipes is recommended.

CONSTRUCTION

Conductors (x2):	Tin plated Cu-wire 90x0.15 mm
Diameter, nom.	1.6 mm
Area:	2x1.6mm ² / AWG 15
Insulation:	PVC GA78, eight-model
Insulation thickness:	0.7 mm
Diameter, nom.	2.8x5.8 mm
Colour:	White (other colours upon request)
Printing:	SUPRA Classic Mini 1.6 + Made in Sweden + Meter mark
Weight, nom.	44 kg/km
Packing:	Bobbin 100m & 300m (other lengths upon request) Blister packs of 10m & 20m

ELECTRICAL SPECIFICATION

Resistance, nom.	10.8 ohm/km
Inductance	0.40 uH/m
Rated voltage:	80V
