SUPRA EFF-ISL AUDIO

High End Analogue Interconnect Cable with chuck locking RCA

Gauge: 1x3x0.46mm² / AWG 21

Rev.date: 2026-05-07

Customs tariff no: 8544429010

Country of origin: Sweden

- Silver plated tube lead & low inductance
- Low skin-effect has a dynamic & clearly audible influence
- Individual conductors Aluminum screens
- Multi test winner

EFF-ISL 2RCA-2RCA Audio - a multi test winner!

Designed for flawless audio signal transfer with maximum preservation of musical detail. The cable is engineered to minimize key electrical distortions such as capacitance, phase shift, skin effect and external interference.

Using Supra's Equalized Frequency Flow (EFF) design, the conductor geometry ensures all frequencies travel through an optimized cross-section, reducing frequency-dependent losses and maintaining a flat, natural response without treble roll-off or phase distortion.

Silver-plated conductors improve high-frequency performance, while PE insulation ensures low capacitance. Effective RFI shielding is achieved through an aluminized PET foil, preventing external noise from degrading signal integrity.

The cable is fitted with fully shielded Supra PPSL RCA connectors featuring chuck-locking strain relief for a secure and stable connection at both cable and equipment ends.

CONSTRUCTION

- Cable: [SUPRA EFF-I](#)
- Jacket: PVC GA78, round
- Diameter: 7.8mm
- Colour: Ice Blue (other colours upon request)
- Marking: SUPRA EFF > Made in Sweden > Meter mark
- Screen connection: Semi-balanced, the screen is only connected at the source end
- Connectors: [SUPRA PPSL](#)
- Type: 2 RCA Male > 2 RCA Male, red/white
 - Material: Pins of 24K gold-plated OFC
 - Colour: Anthracite grey
 - Locking: Chuck locking strain relief to the chassis female RCA & the cable
- Solder tin: Almit SR34 Super
- Signal direction: Follow the arrows > Source > Receiver
- Packaging: 25 x 21.5 x 4.8cm

Skin-effect
20 Hz

Skin-effect
5000 Hz

Skin-effect
20000Hz

Special lengths are made upon request, additional meter price per extra meter.
