### SUPRA HDMI-DVI/H FRHF - Halogen free & Flame retardant

En framtidssäker kabel som överför mer än dagens format utan problem, upp till 4K upplösning. Robusta och hel-skärmade kontakter. Kontakthusen avtagbara, perfekt för dold installation. Svenska tillverkning i vår egen fabrik i Ljungskile. Mycket god flambeständighet, halogenfri, låg rökutveckling & låg nivå av giftiga gaser.

The patented detachable connector housing allows a straight or a angled shell, as well as being able to install the cable with connector part through a conduit pipe for concealed installation when the connector housing is removed. The plug itself is carefully soldered by qualified personnel, as well as cast in a strong plastic to withstand handling without the contact housing being assembled. It is possible to run the cable in a 20 mm conduit pipe or alternatively a 25 mm conduit hose. The housing is made of metal and after assembly it provides 100% shielding properties.
