

SUPRA QUADRAX COMBICON BI-WIRE

High end loudspeaker cable with Banana/Spade

Gauge: 4x2.0mm² / AWG 14

Rev. date: 2026-05-13

Customs tariff no: 8544429010

Country of origin: Sweden

- Star Quad configuration, Bi-wire
- Tin-plated to minimize electron jumps between lead strands
- Interchangeable connectors with M6 thread, banana/spade
- 24K gold-plated copper connectors

QUADRAX COMBICON - Loudspeaker Cable with Enhanced Signal Integrity

Featuring Supra CombiCon crimp connectors, Star Quad (4→4) bi-wire version. The tubular conductor is built from 120 individually tin-plated strands formed into a tube around a polypropylene (PP) core. This design maintains a consistent effective cross-section across frequencies, reducing skin-effect-related variations and supporting a more linear, transparent signal transmission with fast transient response.

In Star Quad configuration, the symmetrical conductor layout minimizes electromagnetic radiation and improves RFI rejection. The opposing current paths reduce inductance and help cancel external and internal magnetic fields, improving noise immunity and signal stability.

Tin-plated strands improve long-term electrical consistency by limiting oxidation and stabilizing current transfer between strands, ensuring uniform conductivity over time.

Supra CombiCon connectors are crimp-pressed under high pressure, forming a gas-tight, mechanically secure, and electrically homogeneous connection with very low transition resistance—comparable to a cold-welded joint.

CONSTRUCTION

- Cable: [QUADRAX 4x2.0](#)
- Cross section Area: 4x2.0mm² / AWG 11
- Conductors: + Blue/Red, - Black/White
- Jacket: PVC GA78, round
- Diameter: 15 mm
- Colour: Ice Blue (other colours upon request)
- Marking: SUPRA QUADRAX 4x2.0 > Made in Sweden > Meter mark
- Configuration: Stereo pair, 2 > 4 connectors, right = red, left = black
- Connector: Combicon, 12 x banana pins & 12 x spades included
- Material: 24K gold-plated copper
- Wire connection: Crimp, Combicon body 8 x CB02+ 4 x CB03 M6
- Bending protection: Sleeve 12 x S2-4 Red/Black, 4 x S9 Red/Black
- Cable split: 20cm, Sleeve 2 x S15 Red, 2 x S15 Black
- Signal direction: Follow the arrows > Amplifier > Speaker
- Packaging: 35x35x10 cm

Standard lengths as below, special lengths upon request.
