

## RONDO 4X2.5 COMBICON BI-WIRE

Twisted loudspeaker cable with banana/spade

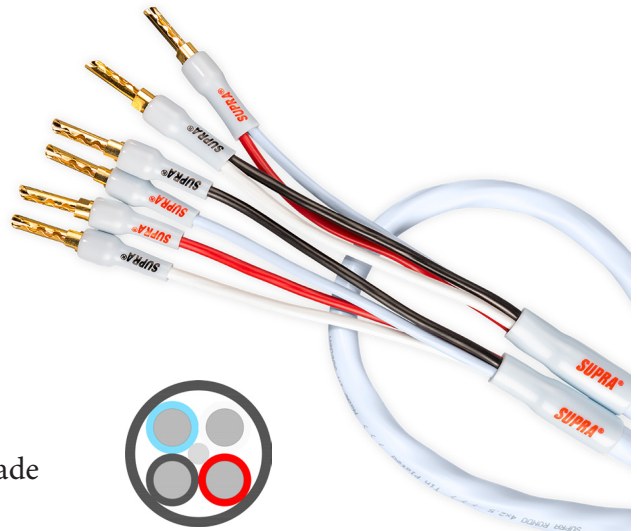

Gauge: 4x2.5mm<sup>2</sup> / AWG 13

Rev. date: 2026-05-15

Customs tariff no: 8544429010

Country of origin: Sweden

- Twisted - Highly flexible
- Low inductance - Bi-wire connected
- Interchangeable connectors with M6 thread, banana/spade
- Tin-plated cable - Corrosion resistant

### RONDO 4x2.5 COMBICON BI-WIRE

High-quality speaker cable featuring four tin-plated multi-strand conductors, tightly twisted for optimal noise rejection and reduced inductance.

This pre-terminated version is equipped with our premium Supra CombiCon connectors, allowing you to switch between banana/BFA and fork terminations whenever your setup requirements change. The connector body and conductors are crimped together under high pressure, creating a perfect air-tight connection for maximum reliability and signal integrity.

Typical applications include high-powered Hi-Fi systems, short to medium cable runs, bi-wired or bi-amplified installations, as well as demanding professional on-stage environments.

### CONSTRUCTION

- Cable: [Rondo 4x2.5](#)
- Cross section area: 4x2.5mm<sup>2</sup> / AWG 13. Star Quad 2x5mm<sup>2</sup>
- Conductors: + Blue/Red, - Black/White
- Jacket: PVC GA78, round
- Diameter: 9 mm
- Colour: Ice Blue & Anthracite grey (other colours upon request)
- Marking: SUPRA RONDO 4x2.5 + Made in Sweden + Meter mark
- Configuration: Bi-wire stereo pair, 2 > 4 connectors, Right = Red, Left = Black
- Connectors: CombiCon, 12 x Banana M6 pins & 12 x Spade M6 are included
- Material: 24K gold plated OFC Copper
  - Wire connection: Crimp, CombiCon bodies 4x CB03, 8x CB02
  - Insulation: Sleeve 4x S4-6 Red/Black & 8x S1-2 Red/Black
- Cable splitt: 20cm, Sleeve 2 x S9 Red, 2 x S9 Black
- Signal direction: Follow the arrows > Amplifier > Speaker
- Packaging: 23x20x4cm
- Qty master carton: 13pcs

Standard lengths as below, special lengths upon request.
