

SUPRA Y-LINK 1RCA MALE - 2RCA FEMALE 25CM

Analogue Aapter Active speaker/Subwoofer

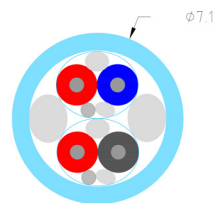

Gauge: 2x3x0.24mm² / AWG 23

Rev. date: 2026-06-11

Customs tariff no: 8544429010

Country of origin: Sweden

- Shielding - very silent from noise and microphony
- Low capacitance - Allows for bass pulse without flattening or slowing down
- Robust connectors - Noise immune and gold plated for a long service life
- High quality analogue adapter, can be use with any of Supra interconnects.

Y-link 1RCA Male - 2RCA Female Adapter - Splits a single-channel subwoofer output into two mono inputs

The SUPRA Y-Link adapter enables the connection of a receiver or amplifier with a single LFE/subwoofer output to an active subwoofer equipped with dual RCA inputs, or to any application where a single audio signal needs to be distributed to two inputs. Many subwoofers achieve higher input sensitivity when both RCA inputs are connected. The Y-Link splits a single mono LFE signal into two identical mono outputs, allowing both inputs to be driven simultaneously for optimal signal level and performance.

The Y-Link does not create a stereo signal; it simply distributes one mono signal to two mono inputs while maintaining signal integrity. Terminated with high-quality SUPRA PPX male and SUPRA RCA-6 female connectors featuring 24K gold-plated contacts. The adapter is compatible with all SUPRA interconnect cables.

CONSTRUCTION

Cable	SUPRA Biline
Jacket:	PVC GA78, round
Diameter:	7.1mm
Colour:	Ice Blue & White (other colours upon request)
Marking:	SUPRA Biline > Made in Sweden > Meter mark
Screen connection:	Semi-balanaced, the screens are only connected in the source end
Connectors:	SUPRA PPX rca male & SUPRA RCA-6 female
- Type:	1 RCA male > 2 RCA female
- Material:	24K gold plated copper alloy
- Colour:	Anthracite grey, Split iceblue: STRAIN RELIEF Y-SPLIT 8L60 BLUE
Solder tin:	Almit SR34 Super
Signal direction:	Follow the arrows printed on the cable > source > receiver
Packaging:	23x20x2.2cm

Special length cables are made upon request.
