

SUPRA ZAC MP-MP OPTICAL

Optical Digital S/PDIF Mini Plug – Mini Plug

Type: Triple-Polished Lens

Rev. date: 2026-06-11

Customs tariff no: 8544700090

Country of origin: Fibre manufactured in Japan

- Lightweight design – Minimal bending force and reduced strain on equipment connectors
- High bandwidth – Certified for up to 32-bit / 384 kHz digital audio transmission
- Immune to interference – Unaffected by magnetic, electromagnetic, or electrical noise fields
- Complete galvanic isolation – Eliminates ground loops and electrical interference between connected devices

ZAC Fibre Optic Digital Interconnect - Optical Mini Plug S/PDIF

ZAC stands for Zero Attenuation Concept. The specially polished and precision-shaped fibre core ends minimise optical divergence losses, enabling plastic optical fibre technology to achieve outstanding transmission performance while retaining the flexibility and durability advantages of plastic fibre. As an optical connection, the cable provides complete galvanic isolation between connected devices. This makes it ideal for systems with different ground potentials, such as computers, televisions, streamers, DACs, gaming consoles, and home cinema equipment. Since no electrical signal is transferred, the cable is completely immune to electromagnetic interference and does not introduce noise into the audio path.

SUPRA ZAC Mini 3.5 mm Plug × 2

3.5 mm optical mini plug to 3.5 mm optical mini plug. SUPRA ZAC fibre optic cable terminated with optical mini plugs, commonly used between portable audio devices, computers, streamers, DACs, sound cards, and other equipment equipped with mini-TOSLINK optical connections.

CONSTRUCTION

Cable:	SUPRA Zac, Optical S/PDIF
Jacket:	PVC GA78, round
Diameter:	5.5mm
Colour:	Ice Blue (other colours upon request)
Marking:	SUPRA Zac
Connectors:	SUPRA MP optical mini plug, 3,5 mm
- Typ:	1 MP Male > 1 MP Male
- Material:	24K gold-plated copper alloy
- Colour:	Anthracite grey
Strain relief:	Molded body with flexible bending protection
Lens:	Triple-Polished
Signal direction:	Non Directional
Bandwidth:	32 bit / 382 kHz
Packaging <1m:	PE-bag in bulk
Packaging >1m:	23x20x2.2cm

PRODUCT	Qty	Part.no	EAN-13	E-no	Crt Weight
